

DECLARATION OF CONFORMITY

All countries of the European community , including Norway and Switzerland, are going to introduce latest of on January 1st 2007 the following new CEN standards. To apply the new CEN standards, our company did test, is testing and will test our products in accordance to the new CEN standards. We will deliver the declarations required continuously from up now. The following are the new CEN standards our products apply to:

DIN EN 14764 city – trekking
DIN EN 14765 kid bikes
DIN EN 14766 mountain bikes
DIN EN 14781 roadracing

Additional to this CEN standards we will test all products, which produced especially for us (e.g. frames) by **DIN plus**. This is a higher level for testing bikes and parts, based on the CEN standards, which also fulfilled the newest state of the technical knowledge.
